Grounded in empirical studies of human behavior, the course is designed to promote client service, legal ethics and professional values. It describes the primary importance of professional soft skills; identifies the impediments to accurate self-assessment and resilient self-development; shows how attorneys can become more socially proficient; discusses the elements of wisdom; highlights leadership traits, skills and practices; and refines our concepts of professionalism. Teaching methods include lectures, simulations, class discussions, breakout sessions, case studies and independent research. This is 1-credit pass/fail law school course offered over fall break (October 9-12) in Chicago, IL. The course will be held at the law firm of Chapman & Cutler at 111 W.
