### **Addison C. Harris Lecture: Prof. Anupam Chander, "Beyond Privacy vs. Trade"**

Noon - 1 p.m. in the DeLaney Moot Court Room and on Zoom

Are trade and privacy inherently in conflict? Does trade undermine privacy? Efforts across the world increasingly seek to keep personal data from flowing out of the country, largely based on the worry that data will be unsafe if it leaves one's shores.

In this lecture, Prof. Chander, the Scott K. Ginsburg Professor of Law and Technology at Georgetown University, will argue that trade and privacy are not necessarily in conflict, and in fact can be mutually constitutive. He will go even further to argue that international privacy law was largely constructed in the service of international trade.

*One hour of Indiana CLE is approved.*

## Basic mediation and restorative justice training: Winter 2023

The Community Justice and Mediation Center (CJAM) offers a 40-hour training program for those interested in learning about conflict resolution, mediation, and restorative justice. Participants will enhance their interpersonal skills in communication and listening, problem solving, and negotiation, and they will increase their understanding of restorative justice philosophy and methods, sources of conflict, and processes leading to constructive conflict resolution. The training should benefit anyone concerned with managing conflict and its resolution. The training also provides the background and skills necessary to work as a community mediator and restorative justice practitioner and qualifies participants to volunteer in CJAM's programs. The training will be led by senior mediators and restorative justice practitioners.

This winter, the training will take place via Zoom Thursday evenings, 7 - 9 p.m., and Saturdays, 8:30 a.m. - 3 p.m., over five weeks beginning February 2 and continuing through March 4. Tuition is \$300 (\$275 if received by January 13, 2023). [Learn more about the training register](#). You may [apply for a scholarship](#).
