January 9, 1946

I am enclosing a list of Indiana University men who have lost their lives in World War II according to the records now on file in the Alumni Office.

I have no doubt that there are additional deaths which have not been recorded in this office and I would appreciate it if you would (1) notify this office of any additions that you may know of personally, and (2) supply us with any additional information concerning any of the persons whose names appear on the list.

Your cooperation is appreciated toward the end that this list may be as complete and accurate as is possible for us to compile it.
