This Week in the Law School

Thursday is Constitution Day, and the Law School is pleased to welcome Dahlia Lithwick as the day's keynote speaker. As we celebrate Constitution Day, there is something incredibly cool going on in our building. An 11-member delegation from Liberia is here this week, consulting with the Center for Constitutional Democracy on several issues that will be put before that nation's legislature next month. It's pretty special to take part in something so important as the creation of a nation's laws, and it's just one example of the kinds of spectacular opportunities you have here as a student through our centers, clinics, and programs. Get involved with something you're passionate about or something you've never even heard of. There are plenty of call-out meetings this week to introduce you to various student organizations and other opportunities.

The Sports and Entertainment Law Society is one such organization, hosting a call-out today at noon, with BuffaLouie's for lunch. No word on an agenda; they just might wing it. The Environmental Law Society's meeting is Tuesday at noon. Come discuss the great outdoors in the great indoors of room 214. The inaugural meeting of a proposed Tax Law Society kicks off Thursday. Join now; there are increasing penalties for those who join after April 15.
